Today, Offer To Close, a transaction coordinator service based in Los Angeles, announced the hiring of Cherie Harris-Brazeal as the newest member of the [Offer To Close](#) Transaction Coordinator Team.

Harris-Brazeal joins the company with over 10 years of experience as both a transaction coordinator and as a licensed real estate agent. Over the course of her career, she has helped to close hundreds of transactions and worked hand in hand with more than 100 agents from all of the large brokerages including Coldwell Banker, Century 21, and Pinnacle.

With her wide breadth of experience and vast number of transactions she has worked on, it is little surprise Cherie has experience selling and managing the paperwork for nearly every type of real estate transaction (standard, new construction, short sale, foreclosure, trust/estates, probate, and REO's).

“We are excited to have Cherie as the newest member of our growing team. Her unique skillset and experience as both a real estate agent and a transaction coordinator give her a unique perspective that she has used to assist hundreds of agents over the course of her career to successfully complete transaction after transaction,” said OfferToClose.com Founder and CEO, [James Green](#).

Prior to joining the Offer To Close team as a Transaction Coordinator, Cherie worked at Zip Realty, White House Properties, Exit Realty, and Century 21, as well as acting as an independent transaction coordinator.

“I am excited to join Offer To Close and help to use our knowledge and experience as leaders in real estate, marketing, and technology to be a guide for home buyers and sellers through a transaction, by creating tools and services that make a home-buying process simple, transparent, and affordable,” explained Harris-Brazeal.

In a recent survey of home owners performed by Home By Home and Offer To Close, 281 home owners were asked a series of questions to identify what the most valuable thing their real estate agent helped them with during the transaction. Over 60% of respondents said that managing the contracts, paperwork, and process was the most valuable contribution.

Offer to Close merges technology and talented [transaction coordinators](#) to help real estate agents get an advantage over their competitors, by helping with managing the contracts, paperwork, and process so more clients can get from offer to close.
